**BIAS TIRE**

## A FEW INCHES<sup>2</sup> FOR DEMANDING PILOTS

It takes just the right balance of materials to make a great tire. And with the MICHELIN<sup>®</sup> AIR<sup>®</sup> tire those materials work together very effectively to help provide you with dependable performance throughout the tire life.

MICHELIN<sup>®</sup> AIR<sup>®</sup> tires are designed to provide long tire life, help reduce maintenance costs, designed for rough landing conditions. MICHELIN<sup>®</sup> AIR<sup>®</sup> tires benefit from Michelin retreadability expertise on the market: some of our tires are retreadable up to 7 times.

## MICHELIN<sup>®</sup> AIR<sup>®</sup> BIAS TIRES FOR BUSINESS JETS, PISTON AND TURBOPROP AIRCRAFT

## A FEW INCHES<sup>2</sup> OF LONG TIRE LIFE & LOWER MAINTENANCE COST

### 1. OPTIMAL TREAD DEPTH

- The combination of optimal tread depth and high rubber quality helps provide for long tire life.
- Helps contribute to lower maintenance costs due to fewer tire changes.

### 2. CUSTOMIZED RUBBER COMPOUNDS

- Sidewall is optimized for both ozone and ultraviolet light protection to help reduce ozone cracking in key areas of the tire.

- Provides our maximum amount of exterior wear and crack resistance for a long tire life.

### 3. OPTIMIZED CASING DESIGN

- Proprietary Michelin production processes help balance stresses within the tire structure. Strong, yet lightweight nylon cords are designed to exceed strict industry standards for overpressure strength.
- Results in an efficient, lightweight product with excellent balance properties for smooth taxiing, even wear, and resistance to heat buildup for a long tire life.

## A FEW INCHES<sup>2</sup> FOR THE BETTER CHOICE FOR ROUGH LANDING CONDITIONS

### 4. UNIQUE BEAD CONSTRUCTION

- To provides a firm (tight) fit to help reduce movement between the tire and wheel.
- Helps improve lateral stability for a long tire life, even under rough landing conditions.

### 5. CONTOURED SHOULDER DESIGN

- Helps absorb lateral impacts associated with landing.
- Designed to help the tire achieve a full life, even under adverse conditions.

## **MICHELIN SALES OFFICE LOCATIONS**

### **Europe, CIS, Middle East & Africa**

Michelin Aircraft Tyre  
23, Place des Carmes-Déchaux  
63040 Clermont-Ferrand Cedex 9  
France  
Phone: +33 (0) 4 73 30 14 85

### **North, Central & South America**
